The plan shall be prioritized and include project names, project numbers and project appropriation requests. The final program plan is adopted by the council as part of the budget appropriation ordinance. Expenditures from the major maintenance reserve fund may be made only for approved capital projects on the program plan or approved reallocations but total expenditures shall not exceed the amount appropriated to the fund.

H. Major maintenance program costs shall be financed by the major maintenance reserve fund. The calculation of the amount necessary to finance facility infrastructure maintenance costs for each building shall be determined by the major maintenance financial model. Proposed changes to the financial model are subject to the reporting requirements in subsection G.2. of this section. (Ord. 17929 § 14, 2014).

The executive may require the attendance of agency officials at the hearings and the agency officials shall disclose any information required to enable the executive to arrive at final determinations.
5. The executive shall transmit a biennial budget for the fiscal period and deliver a budget message to the council no later than ninety-five days before the end of the current fiscal period.   1. Review the proposed appropriation ordinances and make any changes or additions it deems necessary except the council shall not change the form of the proposed appropriation ordinance submitted by the executive;
  2. Announce and hold public hearings as it deems necessary;
  3. Adopt an appropriation ordinance granting authority to make expenditures and to incur obligations upon completion of the budget hearings and at least thirty days before the end of the current fiscal period. The council may attach an accompanying statement specifying legislative intent;
  4. Adopt tax and revenue ordinances as may be necessary to implement the adopted appropriation ordinance; and
  5. Review any proposed midbiennium adjustments proposed by the executive during the adopted fiscal period, including any changes in the adopted overhead methodology. (Ord. 17929 § 16, 2014: Ord. 16445 § 3, 2009: Ord. 16391 § 24, 2009: 15545 § 3, 2006: Ord. 15328 § 3, 2005: Ord. 14561 § 14, 2002: Ord. 12685 § 1, 1997: Ord. 12045 § 23, 1995. Formerly K.C.C. 4.04.040).

**4A.100.050 Overhead cost allocation policy.** The following policies shall guide the development and implementation of the county's overhead cost allocation plan for allocating general fund costs to other county funds:

A. The general fund may allocate costs to other county funds if it can be demonstrated that other county funds benefit from services provided by general fund agencies:

B. Wherever possible, the general fund cost to be allocated shall equal the benefit received by the county fund receiving the charge;

C. Recognizing that many general fund services are indirect and not easily quantifiable, overhead charges may be estimated; and

D. Estimated overhead charges shall be calculated in a fair and consistent manner, utilizing a methodology which best matches the estimated cost of the services provided to the actual overhead charge. (Ord. 17929 § 18, 2014; Ord. 10772 § 1, 1993. Formerly 4.04.045).

**4A.100.060 Planning documents supporting the budget.** The budget requires multiple plans that support the budget vision, goals and strategies. The budget shall be consistent with and reflect the following planning documents:

**4A.100.070 Monitoring appropriation ordinances – statement of unanticipated expenditures – revision of expenditures – lapse of unexpended noncapital appropriations – transfer of appropriation authority – expenditure of moneys in excess of appropriations – preparation and management of capital project budget and phases of capital project – review of capital projects.**

A.1. Any departments or agencies, except the council, with unanticipated expenditures shall submit to the executive a statement of unanticipated expenditures. The statement shall specify any request for supplemental appropriation by program, project, object of expenditure or any combination thereof. The executive shall review the requests in accordance with the department's or agency's work plan and determine whether to submit a supplemental appropriation request.

2. If during the fiscal period the executive determines that revenues will be less than the expenditure amounts included in the appropriations ordinance, the executive shall revise the expenditures of departments or agencies funded from those revenue sources to prevent the making of expenditures in excess of revenues. If the executive determines that the fund has unrestricted reserves, the executive may use these reserves to avoid making expenditure reductions; however, the use of reserves may not reduce the fund balances below target reserve amounts. If the use of reserves exceeds five percent of the total appropriation, the council shall be notified in the quarterly management and budget report. An expenditure shall not be made from any portion of an appropriation that has been assigned to a reserve status except as provided in this section.

B. All unexpended appropriations in noncapital appropriation ordinances lapse at the end of the fiscal period.

C. The executive may transfer appropriation authority from an emergent need contingency project to support a cost increase for a capital project in the same fund in accordance with the procedures in K.C.C. 4A.100.080.

D.1. Except as provided in this subsection, an agency shall not expend or contract to expend any money in excess of amounts appropriated. A contract made in violation of this subsection is null and void. An officer, agent or employee of the county knowingly responsible for such a contract is personally liable to anyone, including the county, damaged by his or her action.

2. An agency may contract to expend money in excess of existing appropriations when:

a. The contract commits the county to expend funds beyond the biennium and the contract includes a cancellation clause that provides:

i. the contract may be unilaterally terminated by the county for lack of appropriation; and

ii. The costs associated with such a termination, if any, shall not exceed the appropriation for the biennium in which termination occurs;

b. The contract commits the county to expend funds beyond the biennium and the council, at the request of the executive, adopts an ordinance permitting the county to enter into the contract;

c. The contract commits the county to expend funds beyond the biennium and the contract is for a capital improvement project as authorized in a capital improvement program adopted by ordinance;

d. The contract implements a grant awarded to the county before the appropriation of grant funds, including appropriations that must be made in future years, if the council has received prior notice of the grant application and if either of the following conditions are met: all of the funds to be appropriated under the contract will be from the granting agency; or all financial obligations of the county under the contract are subject to appropriation; or

e. The contract is an emergency contract as authorized by K.C.C. 2.93.080.

3. In accordance with Section 495 of the King County Charter, real property shall not be leased to the county for more than one year unless it is included in a capital budget appropriation ordinance.

4.a. Any lease or license for the possession or use of real property by the county with a term, including any potential options, extensions or renewals, longer than five years must be approved by the council before execution by the executive.

b. Any decision to extend a lease or license for the possession or use of real property by the county beyond a cumulative total of five years, whether memorialized through an option, extension, amendment, or new lease or license, must be approved by the council before execution by the executive.

c. Any lease or license for the possession or use of real property by the county that requires more than fifty thousand dollars in tenant improvement or other alterations to the real property for the benefit of the county must be approved by the council before execution by the executive.

E. A capital project budget and phases of a capital project shall be prepared by the user agency. The capital project shall be managed by the implementing agency.

F. Ongoing review of capital projects for which moneys have been appropriated shall be coordinated by the office of performance, strategy and budget or its successor. For capital projects involving more than one agency, representatives from the agencies shall consult with the office of performance, strategy and budget or its successor. The office of performance, strategy and budget shall review capital projects for compliance with scope, budget and schedule. (Ord. 17929 § 20, 2014).

#### **4A.100.080 Emergent need contingency projects.**

A. An emergent need contingency project may be included in any capital improvement fund under K.C.C. 4A.100.030.

B. Emergent need contingency projects must be included in the proposed capital fund's six year capital improvement program and be consistent with the proposed fund financial plan.

C. An emergent need contingency project amount shall not exceed five percent of the total proposed capital fund amount anticipated for the fiscal period or twenty million dollars, whichever is less.

D.1. For capital projects other than mandatory phased appropriation projects, appropriation authority may be transferred from an emergent need contingency project to another capital project within the same fund to address costs not anticipated at the time of budget adoption. Capital projects requiring a transfer of less than fifteen percent of total project costs, a scope change or a schedule deviation must be reported in the quarterly management and budget report under K.C.C. 4A.100.100.

2. For transfers of fifteen percent or more of total project costs, the director of the office of performance, strategy and budget or its successor shall be responsible for filing a capital project exception notification in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers and the lead staff for the budget and fiscal management committee or its successor. The notification must be sent and authorized as set forth in subsection F[.of this section] in accordance with this section before any transfer may occur.

E. Capital project exception notifications should be filed by the executive and may be received by the council at any time during the fiscal appropriation period.

F. When the council receives a capital project exception notification, the clerk of the council shall list the capital project exception notification under other business on the next two council agenda. Councilmembers may object to the proposed transfer of emergent need contingency appropriation to another project in the same fund at either of those two council meetings. If an objection is not made at either council meeting, the transfer may proceed. If an objection to the transfer of emergent need contingency is made at a council meeting, the transfer may not proceed. The clerk of the council shall notify the director of the office of performance, strategy and budget or its successor of the council's action. (Ord. 17929 § 21, 2014).

**4A.100.090 Grant contingency projects.** A grant contingency project may be included in a capital improvement fund appropriation in anticipation of projects to be supported by grant revenues or other external funding sources. A grant contingency project shall not be approved without documentation, such as grant applications or records of previous grant awards, to support the anticipated project appropriation. Appropriations for grant contingency projects shall be expended or encumbered only in the amount of revenues awarded from external funding sources or a combination of external funds received and county matching revenues. (Ord. 17929 § 22, 2014).

**4A.100.100 Reports.** The following reports shall be prepared:

A. A comprehensive annual financial report. The [county]\* executive shall [periodically]\* [annually]\*\* prepare and publish a comprehensive financial report covering all funds and financial transactions of the county during the preceding fiscal period;

The county auditor shall periodically prepare and publish the results of examinations performed by the county auditor's office of the effectiveness and efficiency of the operation of county agencies. The examination report and any departmental response to the audit shall be made available by the county auditor, either electronically or in print formats, and by posting on the Internet;

C. State audit report. The examination report of the county's financial affairs and transactions issued annually by the Office of the State Auditor and the county response to the audit shall be made available by the State Auditor annually, either electronically or in print formats, and by posting on the Internet.

D. Quarterly budget management reports.

1. The executive shall submit to the council a report detailing the results of actual revenue collections and expenditures for each fund. The report shall:

a. present significant executive revisions to the current fiscal period financial plans by providing updated operating and capital fund financial plans for each revision, including actual expenditures and revenues from the prior fiscal period;

b. identify significant variances in revenue estimates;

c. list any transfer of emergent need contingency expenditure authority that would increase the total budget of a capital project by less than fifteen percent;

d. report scope, schedule and budget status for capital projects that has a baseline with total estimated cost greater than one million dollars;

e. summarize the risks included in the risk assessment register for mandatory phased appropriation projects in the construction phase, summarize change orders, explain change orders that have the cumulative potential to carry the project over project baseline and summarize the results of the latest earned value analysis; and

f. list significant planned changes in the use of reserves when, in accordance with section 20 of this ordinance, an appropriation requires the use of reserves that exceeds five percent of the total appropriation to avoid making expenditure reductions.

2. The report shall be delivered to the clerk of the council in the form of a paper original and an electronic copy for distribution to all councilmembers and to the chair and lead staff of the budget and fiscal management committee, or its successor, no later than May 15 for the first quarterly report, August 15 for the second quarterly report, November 15 for the third quarterly report and February 15 for the fourth quarterly report. **4A.100.110 Federal requirements controlling.** If any part of this chapter is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the county, any conflicting part of this chapter is declared to be inoperative solely to the extent of that conflict and with respect to the agencies directly affected, and any finding or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned. The rules and regulations under this chapter shall meet federal requirements that are a necessary condition to the receipt of federal funds by the county. (Ord. 17929 § 29, 2014: Ord. 620 § 5 (part), 1970. Formerly K.C.C. 4.04.090).

**4A.100.120 Agencies excluded.** This chapter does not apply to the operating budget and, except as required in K.C.C. 2.42.080, capital budgets of the Harborview Medical Center. (Ord. 17929 § 31, 2014: Ord. 10563 § 1, 1992: Ord. 6818 § 13, 1984. Formerly K.C.C. 4.04.100)

**4A.100.130 County labor forces.**

A. As used in this section:

1. "Alteration, renovation or improvement" means to alter or improve something already existing and the alterations or improvements do not constitute construction or ordinary maintenance;

2. "Construction" means the creation of a new building or structure or significant expansion of an

existing structure, rather than repair, alteration, renovation or improvement of something already existing;

3. "Ordinary maintenance" means the routine work necessary to keep county facilities in that condition of good upkeep and repair necessary for safe and efficient continued use; and

4. "Responsible official" means the department director given line responsibility by either the King County Charter or ordinance for an individual capital project or capital improvement program.

B. As used in this section, construction and alteration, renovation and improvement constitute public work on a capital project, as defined in RCW 39.04.010.

C. King County labor forces may perform ordinary maintenance when the skills necessary to perform a particular maintenance task are readily available from in-house staff. The responsible official for the project shall make a determination as to whether the skills necessary to perform a particular maintenance task are readily available from county staff.

D. Subject to the limitations in the King County Charter and general law, King County labor forces may perform construction or alteration, renovation or improvement, other than ordinary maintenance, when the responsible official determines it is necessary or advisable to do so, but subject to the publication requirements prescribed by RCW 39.04.020.

E. In making the determination as to whether it is necessary or advisable to use King County labor forces during the construction phase of any particular capital project, the responsible official or officials shall give due regard both to considerations of fiscal prudence and efficiency and to which mode of accomplishing the project best advances the public interest. Among factors to be considered and balanced are:

1. Whether the skills necessary to perform the particular tasks are readily available from county staff;

2. Whether the work to be done is of reasonably limited scope and duration;

3. Whether the work to be done would expose the county to a danger of extraordinary work compensation or third party liability claims;

4. Whether adequate consideration has been made of subcontracting out such portions of an overall capital project as best lend themselves to such a procedure;

5. Whether the work to be done is on a project that requires state or federal goals for minority, women or disadvantaged businesses and those goals would be seriously impaired by using county force labor on the project; and

6. Whether it is not in the county's interest to achieve a specified guarantee or warranty period on the installation of new equipment or fixtures.

F. The capital improvement section of the budget shall include a summary of capital program areas in which it is anticipated that work will be performed by King County labor forces. (Ord. 17929 § 39, 2014: Ord. 10489 § 1-4, 1992. Formerly K.C.C. 4.04.260).

#### **4A.110 FISCAL NOTES**

##### **Sections:**

4A.110.010 Fiscal notes - requirements.

##### **4A.110.010 Fiscal notes - requirements**

A. The director of the office of performance, strategy and budget, or its successor shall maintain a fiscal note process and shall update formats for fiscal notes as needed to provide for the requirements of this section, adopted comprehensive financial management policies and any other information required by the council.

B. A fiscal note shall identify the incremental fiscal impact of a motion or ordinance that would directly or indirectly increase or decrease revenues or expenditures incurred by the county. A fiscal note shall include the estimated revenue and expenditure impact of any legislation for the current biennium, for the prior biennium and for the two subsequent biennia.

C. If proposed legislation authorizes the execution of a contract or interlocal agreement that extends beyond two subsequent biennia, the legislation's fiscal note shall document the impact through the end of the term of the proposed contract or interlocal agreement, either in fiscal terms or by using a narrative regarding the long term impacts. A fiscal note shall accompany any request for expenditure authority transmitted by the executive, but a fiscal note may be omitted when the executive certifies in writing with his transmittal that the legislation has no significant fiscal impact on either the operating budget or the capital budget, or both.

D. All fiscal notes shall include:

1. A brief descriptive title of the proposed legislation;

2. An explanation of how the revenue or expenditure impacts were developed. The explanation shall include, but not be limited to, quantifiable data that illustrates a significant workload increase or

decrease caused by adoption of the proposed legislation major assumptions made in preparing the fiscal note;

3. For a program anticipated to be funded by any dedicated non-general fund revenue source, the fiscal note shall denote anticipated collection schedules for the non general fund revenue. For a new fee or a fee change, in addition to the requirements of K.C.C. 2.99.030, the fiscal note shall identify the fee and include the rates proposed. For a regulatory fee, the fiscal note shall include an analysis of the county costs associated with performing the regulatory function;

4. An updated financial plan or plans shall accompany the fiscal note if the expenditure impact of the proposal results in a positive or negative change of five percent or more in the fund financial plan.

E. The director of the office of performance, strategy and budget, or its successor, shall provide a fiscal note on any proposed legislation whenever a fiscal note is requested by a councilmember. In addition, the director shall provide additional fiscal impact information regarding the proposed legislation upon request by a councilmember. The requested fiscal note or information shall be returned within five working days of the request to the requesting councilmember and shall be filed with the clerk of the council's office for distribution to all councilmembers, for distribution to lead staff of the budget and fiscal management committee, or its successor committee, and for inclusion with the legislation. (Ord. 17928 § 3, 2014: Ord. 17928 § 3, 2014: Ord. 14835 § 1, 2004: Ord. 14561 § 16, 2002: Ord. 12076 § 4, 1995. Formerly K.C.C. 4.04.075).

#### **4A.130 MANDATORY PHASED APPROPRIATIONS**

##### **Sections:**

- 4A.130.010 CIP high-risk projects - risk determination - risk scoring instrument - phases - procedures.
- 4A.130.020 Mandatory phased appropriation determination.
- 4A.130.030 Mandatory phased appropriation phase requirements.
- 4A.130.040 Mandatory phased appropriation risk register and earned value management.
- 4A.130.050 CIP lease based projects - phases - procedures.

##### **4A.130.010 CIP high-risk projects - risk determination - risk scoring instrument - phases - procedures.**

A. A capital project shall undergo an annual mandatory phased appropriation determination in accordance with the process outlined in K.C.C. 4A.130.020 if it meets the following criteria and is not exempt by subsection B. of this section:

1. The total project cost estimate is over ten million dollars;
2. For a project that has general fund financing, the project's appropriations together with any request for supplemental appropriations collectively exceed two hundred fifty thousand dollars, or, for a project that does not have general fund financing, the project's appropriations together with any request for supplemental appropriations collectively exceed five hundred thousand dollars; and
3. For a project that has set a project baseline, the project has not had a mandatory phased appropriation determination since setting of its project baseline.

B. The following types of capital projects are exempt from mandatory phased appropriation:

1. Information technology projects that do not involve construction and that are subject to the project review board established by Ordinance 14155;
2. Open space acquisitions;
3. Purchase of transit vehicles; and
4. Lease-based projects that comply with the phased requirements of K.C.C. 4A.130.050. (Ord. 17229 § 4, 2011: Ord. 16764 § 2, 2010. Formerly K.C.C. 4.04.245).

##### **4A.130.020 Mandatory phased appropriation determination.**

A. Capital projects required to undergo a mandatory phased appropriation determination shall receive an annual risk assessment score using a risk assessment scoring instrument developed by the capital projects oversight program.

B. The risk assessment scoring instrument shall use information such as complexity of regulatory requirements, interdependencies with other projects and programs, schedule constraints, implementing agency resources, project delivery method, complexity of property acquisition issues, public impact, risks inherent to the likely construction technology or any other issues that could have a significant impact on the ability of the project to meet its project baseline scope, schedule or budget. Before its use by implementing agencies, the instrument shall be approved by the joint advisory group. Revisions to the approved risk assessment scoring instrument proposed by the capital projects oversight program must be approved by the

joint advisory group, which shall also set the effective date by which implementing agencies must start using the approved, revised instrument.

C. The risk assessment scoring instrument shall be completed by the implementing agency. The implementing agency director shall ensure that the risk assessment scoring instrument is reviewed and signed by agency staff who does not report to the project's project manager, to anyone who reports to that project manager or to anyone to whom that project manager directly reports.

D. 1. For existing capital projects and anticipated capital project budget appropriation requests, the executive shall transmit risk assessment score results, if required by K.C.C. 4A.130.010, by March 31 of each year to the clerk of the council, who shall retain an electronic copy and distribute electronic copies to the manager of the capital projects oversight program and the co-chairs of the joint advisory group. By May 31 of each year, the joint advisory group, in consultation with the capital projects oversight program, shall consider these projects' risk assessment scores and determine which projects are to be mandatory phased appropriation projects.

2. For capital project supplemental appropriation requests, the executive shall transmit a risk assessment score, if required by K.C.C. 4A.130.010, with the request. Within a reasonable time upon receipt of these projects' risk assessment scores, the joint advisory group, in consultation with the capital projects oversight program, shall consider these projects' risk assessment scores and determine which projects are to be mandatory phased appropriation projects.

E.1. The joint advisory group should strive to have mandatory phased appropriation projects from a range of implementing agencies.

2. The joint advisory group may change the mandatory phased appropriation status of any project when the joint advisory group receives a risk assessment score for that project.

F. The joint advisory group shall file a paper and an electronic copy of a list of all mandatory phased appropriation projects and their risk assessment scores with the clerk of the council. The joint advisory group shall file a paper and an electronic copy of an updated list with the clerk of the council any time there is a change in the mandatory phased appropriation determination of a project. The clerk shall retain a paper copy and distribute electronic copies of each list to the chair of the budget and fiscal management committee, or its successor, and the manager of the capital projects oversight program.

G. For capital projects with characteristics that increase their likelihood of being completed late or over budget at a potentially significant financial cost or other significant impact to the county, the council may designate a capital project as a mandatory phased appropriation project by motion or the executive may designate a capital project as a mandatory phased appropriation project by letter. A paper and electronic copy of the letter shall be filed with the clerk of the council who shall retain a paper copy and distribute electronic copies to all councilmembers, the cochair of the joint advisory group or their designees and the manager of the capital projects oversight program.

H. When submitting a capital budget appropriation ordinance or requesting a supplemental appropriation ordinance for a project subject to the mandatory phased appropriation review, the executive shall also submit the project's risk assessment score and the determination made by joint advisory group. (Ord. 17930 § 13, 2014).

#### **4A.130.030 Mandatory phased appropriation phase requirements.**

A. The typical sequential phases of a capital project are: preliminary design, design and acquisition, implementation and closeout. When submitting a capital budget appropriation ordinance or a supplemental capital budget appropriation ordinance that includes an appropriation for a mandatory phased appropriation project, the executive shall provide supporting data in accordance with subsections B. through D. of this section, except that:

1. If the executive does not provide all required supporting data, the executive shall provide a detailed explanation of why the data cannot be provided and, if the data is to be provided later, include a schedule for when the data will be provided. The schedule and items to be reported shall match milestones identified in the project plan. In accordance with the schedule submitted by the executive, a paper and electronic copy of the reports shall be filed with the clerk of the council who shall retain a paper copy and distribute electronic copies to the chair of the budget and fiscal management committee, or its successor;

2. a. For some mandatory phased appropriation projects, one or more phases may run concurrently or the appropriation request may encompass multiple phases, such as projects with alternative delivery methods, projects requiring staged construction due to site constraints or operational needs or projects performed under a declaration of emergency.

b. When the appropriation request encompasses work performed in more than one phase of a mandatory phased appropriation project, not including the closeout phase, the executive shall submit as supporting data an explanation of the reasons necessitating appropriation for more than one phase, including, but not limited to, cost and schedule factors.

c. The executive shall also submit as supporting data a schedule for reporting those supporting items required by subsections B. through D. of this section to the council. The schedule and items to be reported shall match milestones identified in the project plan. In accordance with the schedule submitted by the executive, a paper and electronic copy of the reports shall be filed with the clerk of the council who shall retain a paper copy and distribute electronic copies to the chair of the budget and fiscal management committee, or its successor.

B. When the appropriation request encompasses work to be performed in the preliminary design phase of a mandatory phased appropriation project:

1. The executive shall provide:

a. identification of design criteria;

b. an estimate of preliminary design costs, start and end dates for the preliminary design phase and a rough order of magnitude cost estimate, which may be expressed as a range, for design and implementation phases;

c. a planned schedule that shows the anticipated start and finish dates for each major task for the preliminary design phase and, for the design and the implementation phases, the anticipated start and finish dates for major work through completion;

d. identification of stakeholders; and

e. identification of regulatory requirements and highlighting of any regulatory requirements that increase project risk.

2. The executive may also request up to ten percent of the funding for the design phase. The requirements of subsection C. of this section shall not apply to this partial design phase request.

C. When the appropriation request encompasses work to be performed in the design phase or acquisition phase of a mandatory phased appropriation project, the executive shall provide:

1. A description of the alternatives considered, including a summary of life-cycle cost analysis performed for feasible alternatives progressing to further design, and identify the recommended alternative or alternatives with detailed scope description;

2. A summary of the results of a formal risk assessment;

3. The project baseline, if set by the time of the appropriation request;

4. Affirmation that the implementing agency completed a cost estimate validation process to provide an independent evaluation of the project's cost estimates;

5. Report on status of environmental issues, including an affirmation that significant progress has been made in environmental review and public outreach, identification of steps remaining in the environmental review process, and summarizing of major issues;

Anyone who receives any admission charge to any place shall collect and remit the tax to the treasury division of the county. For the purposes of this section, "admissions charge" means "admission charge" as defined in RCW 36.38.010(2). The amount collected by the county from such a tax shall be used for the purpose of paying the principal of and interest on such bonds and notes as may be issued for the purpose of providing all or part of the money with which to pay the cost of acquiring, designing, owning and equipping public parking facilities associated with the baseball stadium, including design and other preconstruction costs and costs of issuance and sale of such bonds and notes. Such taxes are pledged exclusively to the payment of such bonds and notes so long as any bonds issued with respect to the baseball stadium remain outstanding, and thereafter may be used for such other purposes as are permitted by RCW 36.38.010. (Ord. 17291 § 42, 2012: Ord. 12615 § 2, 1997. Formerly K.C.C. 4.31.010).

##### **4A.510.020 Tax - stadium and exhibition center admissions.**

A. As authorized RCW 36.38.010(5), there is hereby levied and fixed a tax of three and one-tenth percent on charges for admission to events in a stadium and exhibition center as defined in RCW 36.102.010(9), located in the county and owned by the Washington state public stadium authority. From and after the date that the state treasurer certifies to the Washington state public stadium authority and to the county that all of the bonds issued to finance the stadium and exhibition center authorized under chapter 43.99N RCW are fully repaid, redeemed or retired, the admissions tax shall be levied and fixed at the rate of ten percent. For the purposes of this section, "charges for admission to events" means only the actual admission charge, exclusive of taxes and service charges and the value of any other benefit conferred by the admission, and includes a charge made for season tickets or subscriptions, a cover charge or a charge made for the use of seats and tables, reserved or otherwise, and other similar accommodations. Revenues collected from the tax imposed in this section shall be deposited and used in accordance with RCW 36.38.010(5). The tax under this section shall be levied upon the first use of any part of the stadium and exhibition center but shall not be collected at any facility already in operation as of

July 17, 1997.

B. To maintain consistency with charitable organization admission tax exemptions allowed by the city of Seattle for the Kingdome, the county will provide for similar exemptions from the admissions tax imposed by this section. The admission tax shall not apply to any admission charge to an event that is sponsored by a nonprofit organization exempt from federal income taxation under section 501(c) (3) of the Internal Revenue Code when:

1. The nonprofit tax-exempt organization publicly sponsors the event,
2. The nonprofit tax-exempt organization receives the use and benefit of the admission charges collected, and
3. The primary purpose of the event is charitable fundraising based on reasonable documentation.

C. A person who receives payment for an admission charge on which a tax is levied under this section, and a person who by agreement with the Washington state public stadium authority is obligated to collect the tax, shall collect the tax from the person making the admission payment and shall remit the tax to the state treasurer as provided in this section. The tax imposed under this section shall be collected from the person paying the admission charge at the time the admission charge is paid. The person who by agreement with the Washington state public stadium authority is obligated to collect the tax, or the person collecting the tax, shall remit the tax to the state treasurer. Payment shall be made in monthly remittances on or before the fifteenth day of the month next succeeding the end of the monthly period in which the tax is collected or received and accompanied by such reports as the state treasurer requires. Payment or remittance of the tax collected may be made by check unless payment or remittance is otherwise required by the state Treasurer, but payment by check does not relieve the person collecting the tax from liability for payment and remittance of the tax to the state Treasurer unless the check is in the full and correct amount and until the check is honored. The person required to collect the tax under this section holds the tax in trust until the tax is remitted to the state Treasurer as provided in this section. If a person required to collect the tax imposed by this section fails to collect the tax, or having collected the tax fails to pay the tax to the state Treasurer in the manner prescribed by this section, whether the failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, the person is personally liable to the state for the amount of the tax.

D. A person liable for the collection and payment of the tax imposed by this section shall acquire, keep and preserve for five years all unused tickets, ticket manifests, books and all other records from which can be determined the amount of admission tax that the person was liable to remit under this section. All of those tickets, books and records shall be open for examination and audit at all reasonable times by the county finance and business operations division or the state Treasurer or the state Treasurer's agent.

E. The applicable provisions in RCW 82.32.090 through 82.32.115, and the amendments to those provisions, apply with respect to the taxes imposed under this section, except that, unless otherwise indicated by the context, in those provisions the term "state Treasurer" is substituted for each reference made to "department," "department of revenue" and "director of the department of revenue."

F. If a charge is made for admission under this section, a serially numbered ticket shall be furnished to the person paying the charge unless written approval has been obtained from the operator of the facility owned by the Washington state public stadium authority to use a turnstile or other counting device that accurately counts the number of paid admissions. The established price, admission tax and total price at which every such an admission ticket is sold shall be separately, conspicuously and indelibly printed or written on the face or back of the part of the ticket, which is to be taken up by the management of the place to which admission is gained.

G. For the purposes of this section, "person" includes a municipal or quasi-municipal corporation. (Ord. 17291 § 44, 2012: Ord. 13617 § 1, 1999: Ord. 12807 § 4, 1997. Formerly K.C.C. 4.31.020).

#### **4A.510.030 Tax - stadium and exhibition center parking.**

A. As authorized RCW 36.38.040, there is hereby levied and fixed a tax at the rate of one percent on any vehicle parking charges imposed at any parking facility that is part of a stadium and exhibition center as defined in RCW 36.102.010(9), located in the county and owned by the Washington state public stadium authority. From and after the date that the state Treasurer certifies to the Washington state public stadium authority and to the county that all of the bonds issued to finance the stadium and exhibition center authorized under chapter 43.99N RCW are fully repaid, redeemed or retired, the parking tax shall be levied and fixed at a rate of ten percent. B. A person who receives payment for vehicle parking charges on which a tax is levied under this section, and a person who by agreement with the Washington state public stadium authority is obligated to collect the tax, shall collect the tax from the person making the vehicle parking charges and shall remit the tax to the state Treasurer as provided in this section. The tax imposed under this section shall be collected from the person paying the vehicle parking charges at the time the vehicle parking charges are paid. The person who by agreement with the Washington state public stadium authority is obligated to collect the tax, or the person collecting the tax from the person paying the vehicle parking charges, shall remit the tax to the state Treasurer. Payment shall be made in monthly remittances on or before the fifteenth day of the month next succeeding the end of the monthly period in which the tax is collected or received and shall be accompanied by such reports as the state Treasurer requires. Payment or remittance of the tax collected may be made by check unless payment or remittance is otherwise required by the state Treasurer, but payment by check does not relieve the person collecting the tax from liability for payment and remittance of the tax to the state Treasurer unless the check is in the full and correct amount and until the check is honored. The person required to collect the tax under this section holds the tax in trust until the tax is remitted to the state Treasurer as provided in this section. If a person required to collect the tax imposed by this section fails to collect the tax, or having collected the tax fails to pay the tax to the state Treasurer in the manner prescribed by this section, whether the failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, the person is personally liable to the state for the amount of the tax.

C. A person liable for the collection and payment of the tax imposed by K.C.C. 4A.510.010, K.C.C. 4A.510.020 and this section shall acquire, keep and preserve for five years all records from which can be determined the amount of vehicle parking tax that the person was liable to remit under this section. All of those records shall be open for examination and audit at all reasonable times by the county finance and business operations division or the state Treasurer or the state Treasurer's agent.

D. The applicable provisions in RCW 82.32.090 through 82.32.115, and the amendments to those provisions, apply with respect to the taxes imposed under this section, except that, unless otherwise indicated by the context, in those provisions, "state Treasurer" is substituted for each reference made to "department," "department of revenue" and "director of the department of revenue."

##### 4A.700.010 Rates of fare for transit program.

A. Except as may otherwise be provided by ordinance, the following fare categories and rates are established for regularly scheduled county public transportation service on buses, trolleys, transit vans, dial-a-ride vehicles and streetcars:

	Off-peak	One-zone	Two-zone
--	----------	----------	----------

		<b>peak</b>	<b>peak</b>
Regular fare	\$2.50	\$2.75	\$3.25
Child fare	No charge	No charge	No charge
Youth fare	\$1.50	\$1.50	\$1.50
Seniors and persons with disabilities fare	\$1.00	\$1.00	\$1.00
Low-income fare	\$1.50	\$1.50	\$1.50

The fare categories and rates are subject to, and defined by, the following:

1. The descriptions of transit zones are set forth in K.C.C. 28.94.030;
2. The time-of-day limitations for peak period trips and off-peak period trips are in K.C.C. 28.92.115 and 28.92.100 except as to streetcar services, which may be priced at peak fares;
3. The child fare is available to persons up to six years old when accompanied by a responsible person paying the proper fare as set forth in this chapter. Up to four children may ride with each responsible person;
4. The youth fare is available to persons from six through eighteen years old and persons over eighteen years old who receive student passes under K.C.C. 4A.700.450;
5. The senior and persons with disabilities fare is available to persons who apply for and receive a regional reduced fare permit. The permits are available to persons at least sixty-five years old and persons with disabilities as provided in the regional reduced fare permit program authorized under K.C.C. 28.94.255;
6. A person with a disability who has been issued an "attendant ride free" permit by the department may be accompanied by an attendant, who is not required to pay a fare; and
7. The low-income fare is available to persons who apply for and are determined to meet the threshold eligibility requirements for the low-income transit fare program authorized under K.C.C. 4A.700.490 and receive a valid low-income transit fare product.

B. A fare in subsection A. of this section is paid when a person pays the appropriate amount in cash or presents an appropriate pass, transfer or other fare payment media established under and used in accordance with this chapter.

C.1. Regional and institutional passes, in various single-trip value denominations and for various effective periods, may be issued and sold in accordance with the terms of an agreement approved by the council and entered into with other public transportation providers in the region. Institutions include employers, groups of employers, educational institutions, transportation management associations and other organizations. The effective periods, single-trip values and prices for the regional and institutional passes shall be established by the agreement. A valid regional or institutional pass may be presented an unlimited number of times during its effective period as full or partial payment of the applicable fare. To the extent the single trip value of the regional pass is not sufficient to cover the applicable fare, the rider shall pay the difference in cash or from an electronic stored value product, such as e purse.

2. For institutions entering into an annual institutional pass agreement, the following schedule of calculations shall determine the cost of the annual agreement for King County Metro's portion of the agreement:

First twelve months:	TR x baseline trips
Second twelve months:	(TR x baseline trips) + [(TR x added trips) x 1/3]
Third twelve months:	(TR x baseline trips) + [(TR x added trips) x 2/3]
Fourth twelve months (and subsequent 12 month periods):	(TR x baseline trips) + (TR x added trips)

For purposes of this formula, "added trips" means those trips taken during the prior twelve months, determined either from surveys or electronic counting of actual institutional pass use, that exceed the number of baseline trips established at the execution of the institutional pass agreement. Electronic counts of one month or more will be annualized and used in lieu of survey results if available.

For purposes of this formula, "baseline trips" means the estimated number of transit trips taken by the contracting party's covered population of students, employees or others, or any combination thereof, in the twelve months preceding execution of the institutional pass agreement. Baseline trips may be adjusted on an annual basis to account for changes in the number of eligible employees.

For purposes of this formula, in the event a party terminates or does not renew an institutional pass agreement, any subsequent institutional pass agreement entered into with that party shall be priced as if in the "fourth twelve months and thereafter" category.

For purposes of this formula, "trip revenue" or "TR" means the weighted average fare per trip determined by the department.

D. The rate of fare for paratransit service shall be \$1.75 per trip and \$63.00 for a monthly pass.

E. The rate of fare for customized bus service to residents of Center Park, a facility of the Seattle Housing Authority located at 2121 - 26th Avenue South, Seattle, is equal to the paratransit fares specified in

subsection D. of this section. (Ord. 17757 § 11, 2014: Ord. 17292 § 56, 2012: Ord. 16947 § 2, 2010: Ord. 16702 § 8, 2009: Ord. 16702 § 2, 2009: Ord. 16299 § 8, 2008: 15959 § 2, 2007: Ord. 14481 § 2, 2002: Ord. 14096 § 2, 2001: Ord. 13660 § 2, 1999: Ord. 13480 § 2, 1999." Animals riding on coaches shall be leashed or otherwise restrained and shall not pose a problem of health, injury to property or persons or disturbance to other passengers. (Ord. 17292 § 58, 2012: Ord. 12643 § 11, 1997. Formerly K.C.C. 4.150.050. Formerly K.C.C. 28.94.200.).

**4A.700.070 Customized bus service fares.** The director is authorized to establish rates of fare for customized bus service, but only if the rates of fare are established at a level reasonably estimated to recover at least eighty percent of the marginal cost for the service hours provided. The customized services shall be on an individual fare-paying basis and be regularly scheduled according to such routes, schedules and dates as are determined by the director. There shall be no zone fares charged on customized bus service. Passes held by senior citizens, persons with disabilities and employees, and other special passes or permits may be honored on customized bus service insofar as consistent with overall cost recovery requirements in this section. **4A.700.090 Limited service fares.** The director is authorized to establish rates of fare for limited service to special or seasonal activities or events, but only if the rates of fare and any contributions are established at a level reasonably estimated to recover at least twenty-five percent of the marginal cost for the service hours provided. In addition, the rates of fare for limited service shall be established at a level at least equal to the rates of fare for equivalent regularly scheduled service. If, however, the limited service is not equivalent to any regular service, then the rates of fare shall be no less than one-half of the one-zone, off-peak full fare set forth in this chapter. The limited services shall be on an individual fare-paying basis and be scheduled according to such routes, schedules and dates as are determined by the director. (Ord. 17292 § 62, 2012: Ord. 12643 § 9, 1997. Formerly K.C.C. 4.150.090. Formerly K.C.C. 28.94.190).

**4A.700.110 Peace officers fares.** Notwithstanding any other provision in this chapter, general-authority Washington peace officers employed by a general-authority Washington law enforcement agency with officers in King County may ride regularly scheduled public transportation services without payment of fare, but only if the officers are in uniform or display their police badge or badges to the transit operator. (Ord. 17292 § 64, 2012: Ord. 12643 § 14, 1997. Formerly K.C.C. 4.150.110. Formerly K.C.C. 28.94.220).

**4A.700.130 Vanpool fares.** The director is authorized to establish rates of fare for vanpools, but only if the rates of fare are established at a level reasonably estimated to recover the operating and capital costs of, and at least twenty-five percent of the cost of administering, the vanpool program. (Ord. 17292 § 66, 2012: Ord. 12643 § 8, 1997. Formerly K.C.C. 4.150.130. Formerly K.C.C. 28.94.185).

**4A.700.210 Provisions of tickets to human services agencies (in effect until January 1, 2017).** The director is authorized to establish a program for the sale and distribution of tickets to human service agencies at twenty percent of their cash value for the purpose of meeting the transportation needs of low income and homeless populations. The total amount of the eighty percent discount provided under the program shall not exceed two million five hundred fifty thousand dollars for any one year. However, the amount of the eighty percent discount may be increased by up to an additional two hundred thousand dollars annually under this human services ticket program for the value of tickets applied to it through the congestion reduction transit incentives program described in Ordinance 17295, Section 1. The allocation of discount tickets under the program shall be made by the director in conjunction with local jurisdictions and the county's department or departments responsible for human services programs. The local jurisdictions and the county department or departments shall determine the number of tickets from their respective allocations that shall be sold to the human service agencies eligible under the program. The agreements shall be subject to approval by the council to the extent the approval is required by the charter, ordinance or applicable state law, or any combination thereof. (Ord. 17292 § 77, 2012: Ord. 12643 § 13, 1997. Formerly K.C.C. 4.150.410. Formerly K.C.C. 28.94.215.).

implementing other special transit programs or promotions, the director may waive or discount the fare or pass prices otherwise established in this chapter whenever the waiver or discount is not expected to require the addition of regularly scheduled public transportation services and, in the judgment of the director, the value of the program or promotion and the benefit to the public exceeds the expected loss of revenue. The loss in revenue of all such programs, promotions and fare discounts shall, in the aggregate, be no greater than three hundred fifty thousand dollars annually. (Ord. 17295 § 5, 2012: Ord. 17292 § 93, 2012: Ord. 12643 § 18, 1997. Formerly K.C.C. 4.150.610. Formerly K.C.C. 28.94.240).

G. Failure to pay the applicable user fee or remaining in an electric vehicle charging station stall longer than entitled as a result of the user fee paid, is a violation of this section.

H. The penalty for a violation under subsection G. of this section may result in a civil penalty in an amount established by the department by rule, in accordance with K.C.C. chapter 2.98, not to exceed two hundred dollars. Notice and appeal of the civil penalty shall be as follows:

1. The department shall issue a notice and order and serve it as provided for in this section when the department determines that a violation described in subsection H. of this section has occurred. The notice and order shall contain:

b. date and time the notice and order was issued;

c. a description sufficient to identify the area where the vehicle was parked when the violation was discovered;

d. a statement that the vehicle is parked in violation of subsection G. of this section, with a brief and concise description of the conditions that established the violation;

e. a statement that the department is assessing a civil penalty, the amount of the penalty and a time certain by which the penalty shall be paid from the date of the order; and

(4) failure to timely request director's review and reconsideration will constitute a waiver of all rights to any administrative hearing and determination of the matter;

2. The notice and order, and any amended or supplemental notice and order, shall be served by affixing the notice and order to the vehicle for which is the subject of the violation, in a conspicuous location on the vehicle;

3. Proof of service of the notice and order shall be made at the time of service by a written declaration under penalty of perjury, executed by the person effecting service and declaring the time, date and manner in which service was made. A copy of the notice and order shall be kept on file by the department of transportation;

However, the registered owner of a vehicle may avoid liability if the owner proves that the vehicle was reported to the police as a stolen vehicle before the notice and order was issued, and the vehicle had not been recovered;

14. Except as otherwise provided in subsection H.13. of this section, a civil penalty imposed for failure to pay a user fee at a King County department of transportation facility is a personal obligation of the registered owner of the vehicle involved; and

15. If the penalties assessed by the department are not paid to King County within thirty days from the service of the notice, the mailing of the director's decision, or the mailing of the hearing examiner's decision, whichever occurs last, then the department may send a final warning letter to the registered owner of the vehicle to the address on file with the state Department of Licensing. If the civil penalties are not paid within ten days after the final warning letter is sent, then the department may pursue other applicable legal remedies. In pursuing payment of civil penalties that remain delinquent after the final warning letter is sent, and to cover administrative expenses associated with the pursuit of the penalties, the department may charge the registered owner of the vehicle an additional fee not to exceed fifty percent of the total delinquent civil penalties.

I. In addition or as an alternative to the civil penalty authorized in subsection I. of this section, the department may impound the vehicle without giving prior notice in accordance with the process provided in K.C.C. chapter 46.08. When impoundment is authorized by this section, a vehicle may be impounded by a towing contractor acting at the request of the director or the director's designee. #### **4A.700.750 Bicycle locker fees - calculation and setting - notice - suspension or revocation of use privileges - removal or impound of property - contacting - report.**

A. Fees are established for on-demand use of bicycle lockers installed at King County transit passenger facilities to partially offset the cost to establish and operate the on-demand locker program. All fees charged under authority of this section shall be used to support the on-demand locker program. Any revenue collected by the department of transportation under authority of this section shall be deposited into the public transportation operating account of the public transportation fund.

B. The program's costs include, but are not limited to, contract administration, facility construction, operation and maintenance, vendor selection costs and customer support.

C. The department of transportation shall set the fee or a range of fees for on-demand use of bicycle lockers in accordance with this section.

D. The department of transportation shall calculate fees or a range of fees for on-demand bicycle lockers. The initial maximum fee rate for on-demand use of bicycle lockers shall not exceed ten cents per hour. Factors considered in setting the fee include a review of average rates for use of bicycle lockers at other transit agencies; the desire to establish a value for this service; the need to partially recoup operational costs; and recognition that rates should be set low enough to stimulate demand and encourage more people to participate in the on-demand locker program. The department may round up the actual fee charged to the next full hour.

E. The department of transportation shall post fees and rules for on-demand use of bicycle lockers on signs on or near the lockers. The department shall also post the fees, rules and penalties on the department of transportation website.

F. The department of transportation may suspend or revoke use privileges of a user who:

1. Fails to pay the applicable fee;
2. Uses an on-demand bicycle locker for long-term storage;
3. Damages or abuses an on-demand bicycle locker; or
4. Uses any bicycle locker for any purpose other than short-term storage of a bicycle and related bicycle equipment.

G. In addition, the department of transportation may remove or impound property from a bicycle locker for documented failure to comply with posted rules. The department shall make a reasonable, good-faith effort to contact the owner of any property impounded for violation of posted rules, and to return the impounded property to the owner.

H. Within a range of fees set as authorized under subsection C. of this section, the department of transportation may vary the fee for on-demand bicycle locker use where there is a reasonable basis to do so, including, but not limited to factors such as location, time, demand or usage patterns.

I. The department of transportation shall review the fees for on-demand use of bicycle lockers at least once per year.

J. Once the fee or range of fees for on-demand use of bicycle lockers is set, the department of transportation may not increase the hourly fee, or the upper end of the hourly fee range, more than one hundred percent of that which is in place for the hourly fee or range, unless the department is authorized to do so by the council by ordinance. The department may not increase the fees or the upper end of the range of fees for on-demand use of bicycle lockers, within one hundred twenty days of a previous increase to the fee or range, unless the department is authorized to do so by the council by ordinance. However, for the convenience of bicycle locker users, the department may round up an increase in the hourly fee or fee range to the next highest increment of five cents, even if such rounding up would cause the hourly fee or fee range increase to exceed one hundred percent.

K. The department of transportation may contract with a vendor or other agent to operate the on-demand bicycle locker rental program.

L. By March 31 of each year, the executive shall transmit an annual report for the previous calendar year in the form of a paper original and an electronic copy filed with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers. The report shall include:

1. The average daily occupancy of on-demand bicycle lockers and monthly rental information for traditional keyed bicycle lockers at transit passenger facilities;
2. The total revenues, by category, associated with on-demand bicycle lockers;
3. All rate structures in effect;
4. All costs, by category, associated with bicycle lockers, including separate detail on costs specified to on-demand bicycle lockers;
5. An analysis of the on-demand bicycle locker program's effectiveness; and
6. Recommendations, as appropriate, for rate and code changes to both maximize use of the bicycle lockers and maximize cost recovery for the county. (Ord. 17422 § 3, 2012).

#### **4A.700.800 Trolleywire deactivation - fees and costs - rules.**

A. The transit division shall assess a one-thousand-dollar fee to process each request to deactivate trolleybus wires for work related to construction projects taking place along electric trolleybus routes. The fee shall be payable in advance by the applicant. One-half of the fee shall be refundable if the applicant provides the department with a cancellation notice in sufficient time for the department to reassign trolleybuses to the affected routes and avoid the cost to deactivate the trolleywires and provide diesel substitute service. Parties may be exempt from paying the fee if prior agreements with the county exist as of October 25, 2010.

B. In addition to the fee assessed under subsection A. of this section, the applicant shall also reimburse the transit division for actual costs incurred by the transit division to deactivate the trolleywires and provide diesel substitute service in excess of one thousand dollars.

C.1. The transit division shall establish by rule a procedure for collection of the fee assessed under subsection A. of this section, including provisions for advance payment and refunding the fee if the department receives a cancellation notice in time to avoid incurring additional actual costs to deactivate the trolleywires and provide diesel substitute service.

2. The transit division shall establish by rule a procedure for recovering the actual costs incurred by the division to deactivate the trolleywires and provide diesel substitute service, as authorized under subsection B. of this section. (Ord. 16943 § 4, 2010. Formerly K.C.C. 4.110.010).
